As in past years, Lo put together such a wonderful booth and organized so many fabulous AKK and their people to represent the breed at the Expo this year. It was such a fun time greeting and educating the public about AKK and although I was unable to be there for more than a portion of Saturday, others were on hand for Friday, Saturday and Sunday at the Expo. We had another successful Pet Expo, thanx to those who came out to support this very fun activity. A very special debt of gratitude is owed to Sharon and Eddy Hari, Julie Baker, Patricia Zengel, Judy Taninies, and Linda Solorio, all who worked 3 long and hard days...came early and stayed late. A very special thank you to our pet owners who supported this event with their presence, dedication, and willingness to meet and greet the public and explain about the Alaskan Klee Kai: Merilou, Richard and Zorro Jenkins; Marc, Sue, Dana Lamphear (friend Cathy) and Roxie and Riley; Beth King (friend Rayna Morrison) and Simba and Nala; Jason, Jennifer, Cole and Nanook Prince; Tammy and Cayden Mashi (who squeezed in a few hours around her work schedule, and sent a friend with Cayden when she couldn't get back on Sunday); and Michael Nguyen who came for a bit before he had to deal with a family emergency. What troopers they all were.

Other invaluable participants included Jennifer Cook, Russell Otsuji, Desarie Fletcher, Jennifer, Mike and Carol Parks, and Violet, Joey, Lauren and Jason Hignite. My apologies if I have inadvertently overlooked anyone.

This was our 5th year at Pet Expo, and despite the record heat, we had a great turnout and this could be called another successful event for Alaskan Klee Kai public relations.
